All New GS4

All New GS4

In this era of intelligence, no one can be isolated.

Everyone, every vehicle is connected to each other and never go offline.

Live a life of joy and intelligence, for every journey in your life.

The second generation GS4, born with intelligence.

Just for you,

To wake your passion and love.

To make your journey more connected and exciting.

To bring you closer to the world.

To make every moment of your life joyous and intelligent.

Trendsetting exterior, All New GS4 has it!

✔ **Light and Shadow Aesthetics**
Love at the First Sight

✔ **Light and Shadow Sculpture 3.0**

The horizontal grill extends to get through the two headlamps, giving the front a cool touch. The smart headlamps and the striking fog lights make the front look fierce, dynamic and catchy.

Beautiful Aesthetics

People fall in love with pretty creature at the first sight. No matter for family, work or get-away trips, light and shadow 3.0 design concept makes you the center of attention wherever you go.

Floating roof design

The floating roof shapes a side profile like a leaping shark. The D-pillar vertical to the tail, the smooth and dynamic lines, the vivid and elegant curve, the delicate proportion, will definitely surprise you.

Dual-star Full LED Headlights

Dual LED wick with full lens design provides an exquisite shape and brighten your way. Break the dark and shine.

Laser-Beam Flying-wing LED Taillights

The lights as flying wings, with technologies combined with fantasy. The taillamp design is inspired by laser beam. The solid shape, the extending red light as flying eagle's wings. The horizontal chrome trim that links the two taillamps, make the tail unforgettable.

Exterior mirrors

Superior vision just for you.

Spacious and comfortable

Vehicle is like a second home. A home is a spacious place where we satisfy our five senses. In this smart and spacious and soothing cabin, you can embrace comfort and touch elegance, feast your senses and relax your body.

- ✓ Spacious 1570mm cabin that outperforms its class

Class-Leading COCKPIT

- ✓ A smart cabin that's spacious and comforting for your five senses

✔ Sporty seat

Sit on this sporty seat and drive to your race car dream. Integrated head pillow and luxury suede cover make the seat fit your body shape better and protect your spine and skin and back, which free you from travel fatigue and bring you ultimate driving fun.

✔ 6-way adjustable power seat

6-way adjustable power driver seat + 4-way adjustable power from passenger seat

✔ 180 degree adjustable rear seat

Magic space that can fit your colorful life in. 180 degree adjustable rear seat guarantees a 1560L flat space and 470L large trunk.

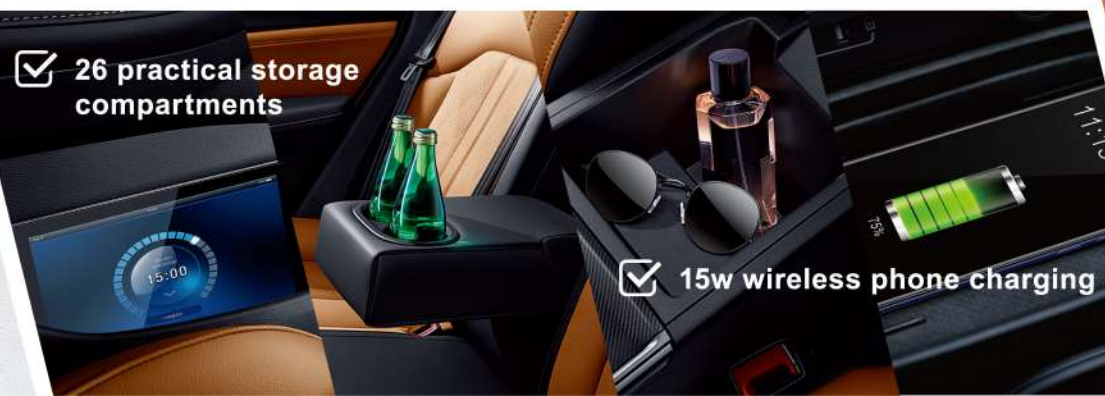

✔ Oxygen Bar Filter System / 360° Noise Filtering Design

A system that can filter 99.7% of PM2.5 particles and carry out 360° all-round noise reduction, building an odorless, healthy and silent cabin.

✔ 26 practical storage compartments

✔ 15w wireless phone charging

✔ Dual 12.3-inch Display Screen

✔ Soothing smart cabin/dual-screen panel

Dual-screen instrument panel, class-leading 1570mm space, stain resistant eco leather and high-end suede consist a comfortable cabin that brings enjoyment to your five senses (sight, hearing, smell, touch, experience)

Easy Drive, Powerful Drive

Drive as you like, drive with adrenaline and passion. You feel free from the world, you feel unstoppable, driving is a passion, it's a joy, it's a stress reliever, and it's a way of life. Just enjoy easy and worry-free journey guaranteed by the golden powertrain with ultra-low fuel consumption.

Leapfrog Driving Control
✔ Ultra-low Fuel Consumption
Golden Powertrain

✓ **Precise handling, All-season safety, Refined ride comfort**

Superior power and ultra-low fuel consumption, provide you with unprecedented enjoyment.

37m

Short braking distance

5.5m

Minimum turning radius

3 modes

Comfort, normal, sport steering modes

✓ **Europe-standard High-performance Chassis**

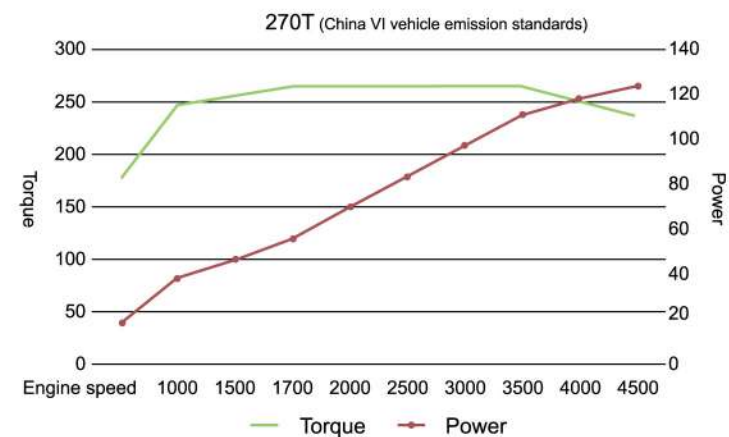

Tuned by European chassis master Marco Mario Gilardi, to conquer all terrain. Designed after more than 100 trails, the chassis has 360-degree all-terrain feature, roll angle of 4.4deg, performing ISO double lane change at the speed of 60km/h, which help to realize the ultimate balance of handling and comfort, deft dodge performance, trusted cornering performance supported by a stable suspension.

- Smoothness and NVH performance guaranteed by all-new suspension
- Steering system upgrades by TRM 4th generation EPS
- Upgraded, redesigned and redeveloped Braking system

✓ GAC MOTOR 270T Engine

All-new GAC MOTOR 1.5T GDI engine with high-pressure direct injection and super torque. 7 excellent features, move you forward with power.

- 200bar in-cylinder direct injection technology guarantees higher combustion efficiency
- Low inertia turbocharger brings higher response speed
- Variable oil pump that can better arrange the oil flow
- GAC Combustion Controlling System (GCCS) guarantees low emission and low fuel consumption
- New BorgWarner silent chain improves NVH performance
- Dual Variable Valve Timing (DVVT) system guarantees high combustion efficiency
- Cylinder and aluminum alloy oil pan are upgraded to optimize vehicle weight and noise

Max. power: 124/5000 (kW/rpm) Max. torque: 265/1700-4000 (N·m/rpm)
Meets the China VI-b vehicle emission standards

✓ Aisin 6-speed Automatic Transmission

3rd generation product from the renowned supplier Aisin. The Aisin AW 6-speed automatic transmission can provide higher transmission efficiency, quicker response and smoother shifting through its hydraulic torque converter, smart self-studying and self-adapting control feature.

✓ Ultra-low Fuel Consumption Under Comprehensive Road Conditions

Save oil and relax you from unnecessary expense. High performance is guaranteed while the fuel consumption under comprehensive road conditions reaches 16.1L/km. Enjoy the benefit on every mile you drive.

Class-leading SAFETY

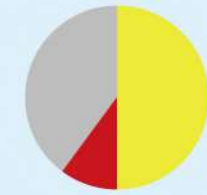

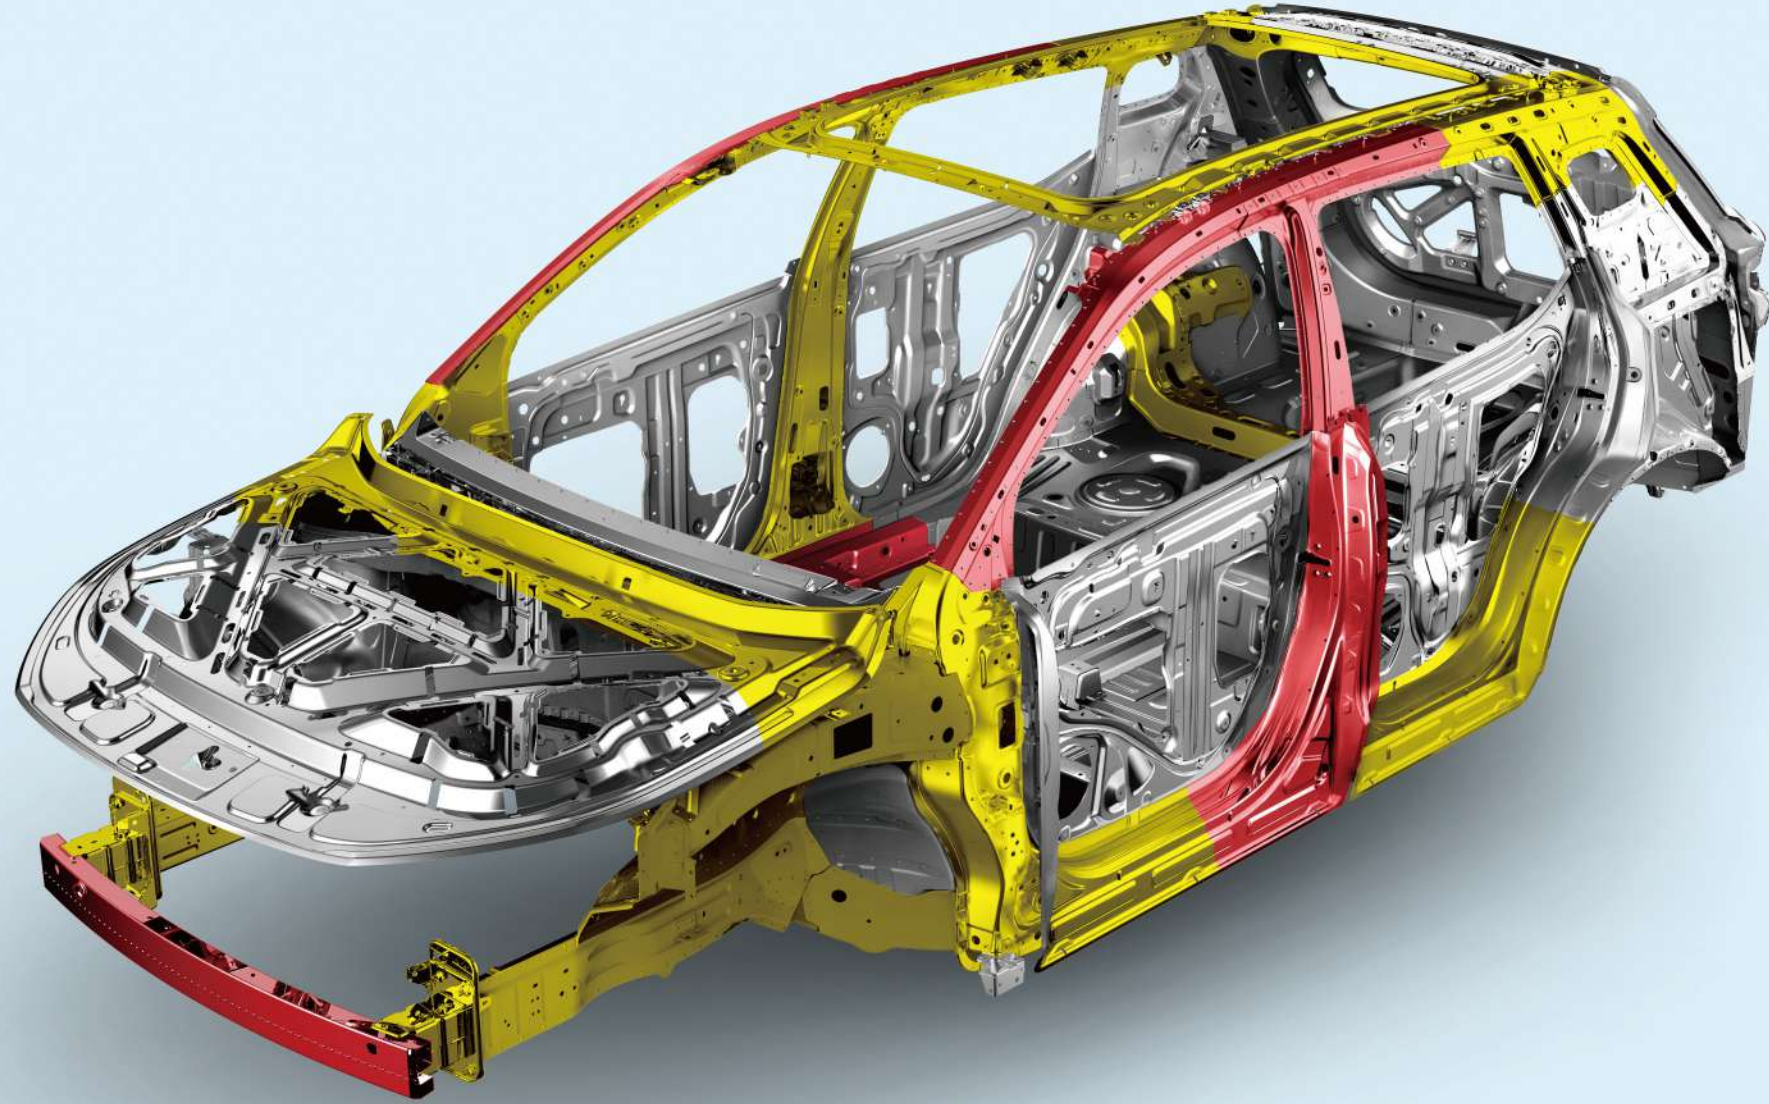

Five-star Safety Standards, Comprehensive Protection

Safe and reassuring

Your safety comes from meticulous care.
No matter you are a cautious driver or a fearless explorer,
the active and passive safety system can provide you with
meticulous and all-round protection.

Five-star Safety Rating

Five-star cabin developed to meet C-NCAP standard, high-strength steel that constructs 62% of the whole vehicle body and 100% of its occupant compartment. structure, doors constructed by ultra-strength hot-stamped steel, provide comprehensive protection for passengers and driver, pedestrian and active safety system and bring you safer driving experience.

62% of the car body consists of high-strength steel

- High-strength steel: 50%
- Standard steel: 38%
- Ultra-high steel: 12%

More Airbags That Provide All-round Protection

The model is equipped with more airbags which include the driver's seat, front passenger seat, two side of the front seats, providing the driver and passengers with all-round protection.

Automatic emergency braking (AEB)

The system warns the driver through visual or sound reminder when detects collision risk. If the driver didn't take any measure, the system will brake automatically to avoid collision.

Lane Keeping Assist (LKA)

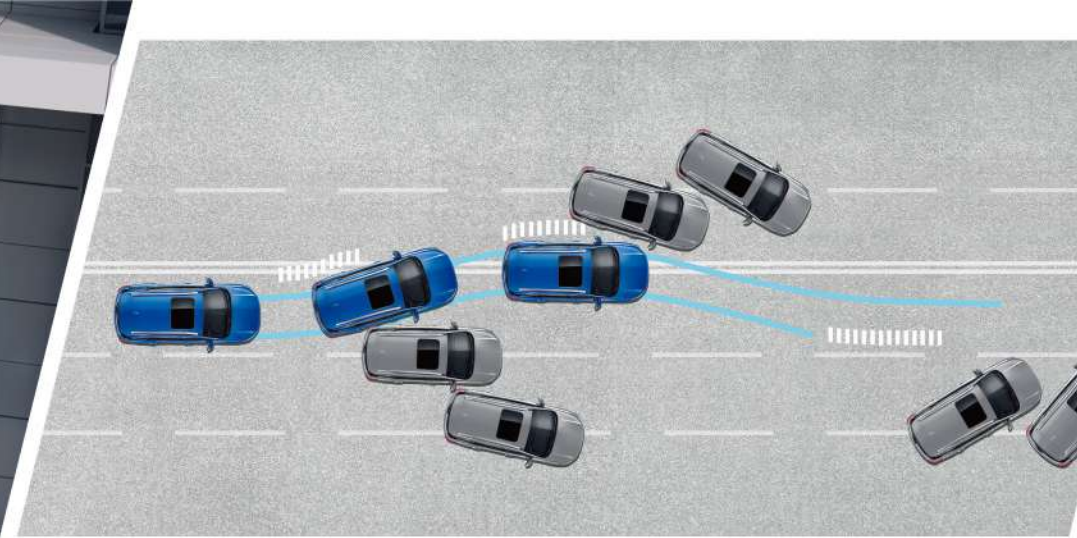

When the front camera detects lane departure, the LKA system controls EPS to correct the direction and keeps the vehicle in its travel lane.

Forward collision warning (FCW)

The system sends visual or sound reminder through dashboard when detects collision risk.

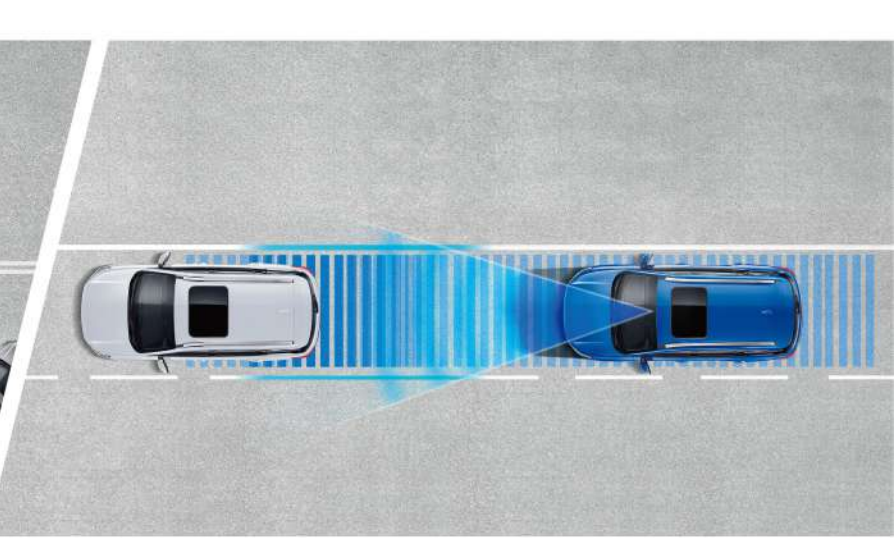

Traffic jam assist (TJA)

When the vehicle speed is within the range of 0-60km/h, the feature helps to keep the vehicle in its travel lane following the vehicle ahead when there are lane markings, or help the car go sideways following the vehicle ahead if there are no lane markings.

14-in-1 Bosch ESP 9.3

The 14-in-1 Bosch ESP 9.3 system equipped with active safety features like HHC and HDC calculates and monitors the vehicle condition and guarantees smarter and safer trips.

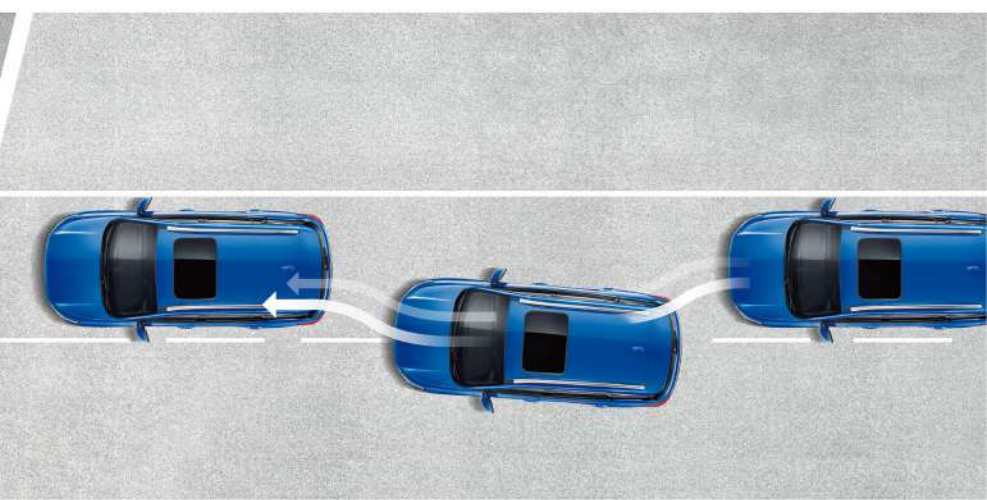

Adaptive Cruise Control (ACC)

When the vehicle speed is within the range of 0-150kph, the ACC system controls the distance and the relative speed between the vehicle and the vehicle ahead of it through automatic acceleration and braking.

Integrated Cruise Assist (ICA)

When the vehicle speed is within the range of 60-150km/h, the ICA system helps the vehicle stay centered in the lane.

Lane Departure Warning (LDW)

The LDW system monitors lane markings and gives the driver audible and visual warnings when the vehicle drifts out of its lane.

High-Beam Assist (HMA)

The HMA system will automatically adjust the headlights to reduce risk when there are oncoming vehicles or when the vehicle is going uphill or downhill.

✔ **MULTIPLE CHOICES, COLORFUL LIFE**

Life is not a single choice, choose what you like, start your colorful journey
