SPEED

Widely recognized
High-performance SUV

Trendy exterior
Eye-catching stunning design

FASHION

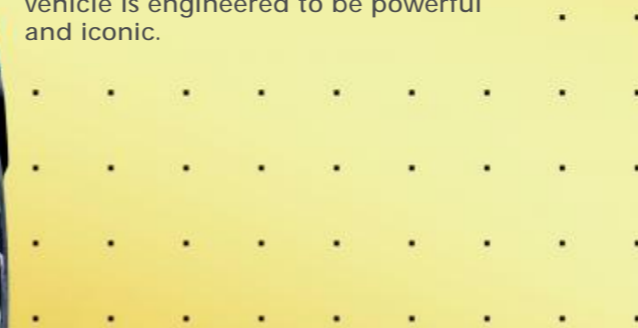

SHINE

Flying-mecha front face design

The h-shape front face of the vehicle is engineered to be powerful and iconic.

Beaming-eye LED headlights

The high beams and low beams are embedded into the integrated LED headlights, delivering high brightness, long-term durability, and high-level of safety for night driving.

With 18 LED bulbs in it, the daytime running light comes with a bright lighting effect and an elegant design.

Unique dual screen design

High-performance central console screen with 8-core chipset
10.25-inch multi-functional touchscreen

ATTRACTIVE

Glowingdart LED taillights

Stylish design with 66 LED bulbs embedded makes the taillights stand out from the crowd. Special lighting solution brings gorgeous 3D effect. With the diamond-style look, the taillights embody the power of speed.

Electric hidden door handles

Handles present themselves upon walking up to the car. Comfort, convenience, serenity and without needing to do anything yourself. That's real luxury.

Flexible large cabin >>>

Space full of versatility and possibilities
accommodating change and adjustment,
prepared for conversion into different functions

LARGE

SPACE

1.8m king-size seat

Fold down the second-row seats and adjust the trunk, to create a versatile and flat space with changeable capacity between 341L and 1271L.

Surprising storage space

21 storage compartments + 5 flexible storage spaces

A house on the move

Engineered on the all-new GPMA platform, the car body has a length of 4410mm/4446mm (Standard/R-STYLE version), with its width reaching 1850mm, height 1600mm and wheel-base 2650mm.

All-rounded comfy space

Super-size openable panoramic sunroof allows for a great view of the stars and sky, bringing broader vision and helping improve your overall mood. Those who desire a convertible-style experience can enjoy the open air at the touch of a button.

Driver-centric cabin with 6-way adjustable power driver's seat, second-row ventilation outlets, power tailgate that opens and closes electronically (optional), bring you convenient user experience.

Powerful Performance

Faster acceleration
Higher speed
Delivers passionate driving experience

POWER

R-STYLE sporty kit

- The front grille comes with a unique front bumper design, emphasizing on the dynamic and fierce style.
- The center-mounted dual-pipe exhaust pushes the vehicle forward with power and passion.
- The exhaust sound can spice up the driving passion.
- Central grille decoration trim/ pillar decoration board/ decorative trim on top/ R-STYLE lettering.

R-STYLE

MegaWave POWER (optional)

MegaWave performance SPORT+ race-track mode
Find more fun with the quick-response and high-performance mobility style.

A strong sensation of acceleration as in EVs

With MegaWave Power, 0-100km/h acceleration requires only 7.5s.
With MegaStar chassis equipped, a reliable, smooth, stable driving & riding experience is guaranteed.
The model passed the double lane change test with a speed of 76km/h, while boasting a brake distance at 100km/h of only 34.83m.

Super low fuel Consumption

Enjoy the trips without worrying about the poor gas mileage

FREEDOM

One liter fuel
Can cover 18.3KM/L

ECCO MIZE

Strong & reliable powertrain

(Engine: 1.5TG, Transmission: 7WDCT, Max Power: 130KW, Max Torque: 270N·m)

The 1.5TG engine reaching the heat efficiency of 40.48%, together with the 7WDCT transmission, have achieved several key technical breakthroughs.

INTELLIGENT

Intelligent cabin design

Connects you to a more enjoyable driving style

SMART

Smart cabin

Smooth experience

15W Wireless Phone Charging (Optional)

Phone connection (CarPlay + Android Phone Screen Mirroring)

Smart driving automation (ADAS)

Level 2 advanced driving assistance system

Ten L2 ADAS features ensure you a safer and easier journey, which include Adaptive Cruise Control (ACC), Integrated Cruise Assist (ICA), Automatic Emergency Braking (AEB), Forward Collision Warning (FCW), Traffic Sign Recognition System (TSR), Traffic Jam Assist (TJA), High Beam Assist (HBA), Lane Keep Assist (LKA), Lane Departure Warning (LDW) and Intelligent Speed Limit Control (ISLC).

Surround view camera system

The Surround View System provides a complete 360° view around the entire vehicle. Allowing for simple blind spot mitigation, this intelligent camera system delivers a wide range of benefits in multiple everyday driving scenarios.

Comprehensive
protection

Guarantees your safety
no matter where you go

HIGH SECURITY

Airbag safety design

Airbags that meet C-NCAP and C-IASI requirements provide thorough protection for passengers under all kinds of collisions. One-piece airbag curtain can cover larger space in the cabin and comes with the extra-long 6-second pressure retention feature, providing more comprehensive protection.

High-strength car body structure

58.9% of the car body is made of high-strength steel and 17% of it hot-formed steel (car passenger cabin), bringing higher safety level. The unique GAC anti-collision and energy-absorption characteristic prevents the cabin from deformation and gives you a reassuring safe space.
