

The all new Touareg

Confident appearance

The new Touareg is an SUV that meets high expectations - and proves this too with a striking and sophisticated design. The wonderfully expressive front section with prominent air intakes and the powerful rear accentuate the sporty presence of the Touareg. Its balanced proportions emphasise its elegance - as well as its size, which makes it a comfortable companion on the road.

Get in and leave everyday life behind

As soon as you sit inside the Touareg, it's plain to see: the stylish interior design says it all. An elegant double seam runs from the dashboard across to the door sill and the high-quality, harmoniously coordinated materials ensure a feel-good atmosphere straight away.

The background lighting is available optionally starting with the Elegance equipment line with 30 different colours.

The lower and upper area of the interior can thus be illuminated in different colours independently of each other. If two different colours are selected, the main colour is adopted additionally for the displays. You can therefore create completely different lighting scenarios depending on your mood.

Completely new perspectives

Huge dimensions for big impressions. The tilting and sliding panoramic sunroof covers almost the entire roof and also offers passengers in the rear a virtually unrestricted view of the sky. A little extra fresh air? The front half of the roof opens at the press of a button or extends fully over the rear part.

The new Touareg is transformed into a **mobile concert hall** with the optionally available DYNABO Consequence sound system:

Engine, Gearbox

- » Power 185 kW
- » Horsepower 250 hp
- » Rev. at Max Power 5,000 6,000 rpm
- » Torque 370 Nm
- » Rev. at Max Torque 1,600 - 4,500 rpm
- » Displacement 2.0 l
