

The all new Tiguan

Impressive. From every angle.

With its sporty and striking design, the all new Tiguan leaves no room for doubt: this is an SUV that is ready for whatever everyday life brings. Its new silhouette is characterised by powerful proportions and dynamic lines. Progressive design highlights such as newly-crafted front section with optional IQ.LIGHT HD matrix headlights, the muscular rear section with LED light strip and a selection of new wheel rims underscore its superiority.

Get in and leave everyday life behind

The all new Tiguan welcomes you at a whole new level. And we don't just mean its high-quality interior, the centre console with new functions, the optional Discover Pro Max navigation system with 12.9 inch.

New Design

A distinctive feature is the higher, more powerful-looking front end. The standard LED headlights are integrated here. In-between, a glass-covered horizontal bar with an optionally integrated LED strip replaces the traditional radiator grille, It's all New Tiguan.

New driving experience at the press of a button

Switch from sport to comfort and back in an instant? It couldn't be easier with the driving experience switch in the all new Tiguan. Thanks to the new atmospheres, a touch of a button is all it takes to adapt even multiple settings at the same time - from the right background lighting to music playback to air conditioning.

As if you had just switched your Volkswagen while driving.

Colours define spaces

Depending on the equipment, you can gently illuminate the interior of the all new Tiguan with just a tap of the finger - and choose from up to 30 colours. Multiple light strips and illuminated decorative elements allow you to create a personalised lighting atmosphere.

Expand your horizons

The optional electric tilting and sliding panoramic sunroof is a real eye-catcher. Thanks to its enormous glass surface, it bathes all passengers in more light and offers an unrestricted view of the sky. Its electric roller sunshade provides protection from excessive sunlight. Would you like some fresh air? The front half of the sunroof can optionally be tilted or extends fully backwards.

Engine, Gearbox

- » 4-cylinder SI engine 1.4 l TSI, 110 kW
- » Max output KW(Bhp) at RPM 110 KW (150)/ 5000-6000 rpm
- » Max Torque, Nm at RPM 250 / (1500-3500) rpm
