

MG ONE ACTIVATE YOUR ADVENTURE

MG ONE OVERVIEW

MG ONE is the ideal vehicle for the modern urban dweller. Offering both bespoke innovations and a distinct personality, it is built on the SAIC Motor Intelligent Global Architecture (SIGMA) platform. The MG ONE is a great option for anyone who values safety, convenience, and good looks while driving around town. It has a dynamic and a muscular exterior design, a roomy and a technologically advanced interior as well as cutting-edge safety systems.

MG ONE EXTERIOR

MG ONE

STYLISH, SLEEK, SPORTY

The MG ONE has a distinctive and a sleek exterior design, with a bold grille and sharp LED headlights paired with striking 3 Bar LED DRL's. It also features a panoramic sunroof and stocks a sporty set of alloy wheels in both 18 and 19 Inches. The body is aerodynamically designed to enhance fuel efficiency and improve driving. The MG ONE's exterior design is a testament to its sporty and youthful appeal. It features a two-tone colour roof with silver roof rails, which gives it a bold and a muscular appearance. The car's pronounced rear haunches and plastic cladding over the wheel arches and along the side adds a unique kick in the rear, further enhancing its sporty character.

MG ONE INTERIOR

MG ONE COMPLETE CONVENIENCE

Inside, the MG ONE boasts a spacious and modern cabin, with premium materials and advanced technology to give an immersive experience. The dashboard features a large 12.3 Inch horizontal infotainment touchscreen display in addition to a 12.3 Inch digital cluster for a real-time drive information. The MG ONE dual tone sports seats amplifies the interior accents of the car and are carefully designed with premium materials for a comfortable journey, with plenty of legroom and headroom for both front and rear passengers along with a large trunk capacity of upto 1120L. The flexible use of space in MG ONE offers easy access to different storage needs. The audio and vehicle information are optimally placed for easy operation, and the screen automatically adjusts to surrounding light conditions. The Ambient lighting delivers an emotional atmosphere and ties together exterior and interior lighting conditions for the driver for decreased levels of driving fatigue.

MG ONE PERFORMANCE

MG ONE EMPOWER YOUR EXPERIENCE

The MG ONE is powered by a turbocharged 1.5-liter engine mated with CVT Transmission, which delivers up to 181 horsepower or 285 NM of torque to cruise smoothly 0-100 kmph in 8.8 secs. Based on the Multiple Link Rear Suspension, the MG ONE brings a more stable and flexible driving experience. The handling experience is light at low speed and stable at high speeds. It's designed to cater to an active urban lifestyle. It is the first model based on SAIC Motor Intelligent Global Architecture (SIGMA), which allows for a flexible combination of over 100 kinds of modules.

MG ONE FUTURE-TECH TODAY

The MG ONE is loaded with high-tech add-ons, such as a large 30 inch wrap around triple screen with an infotainment system with voice control, Apple CarPlay and Android Auto compatibility, wireless mobile charger, remote engine start and a high-quality music system. In addition to a 360° - HD park view assist video system, adaptive cruise control and lane departure warning are included. Drivers can enjoy a super sports mode with just an additional pull of the electric gearshift on the drive mode.

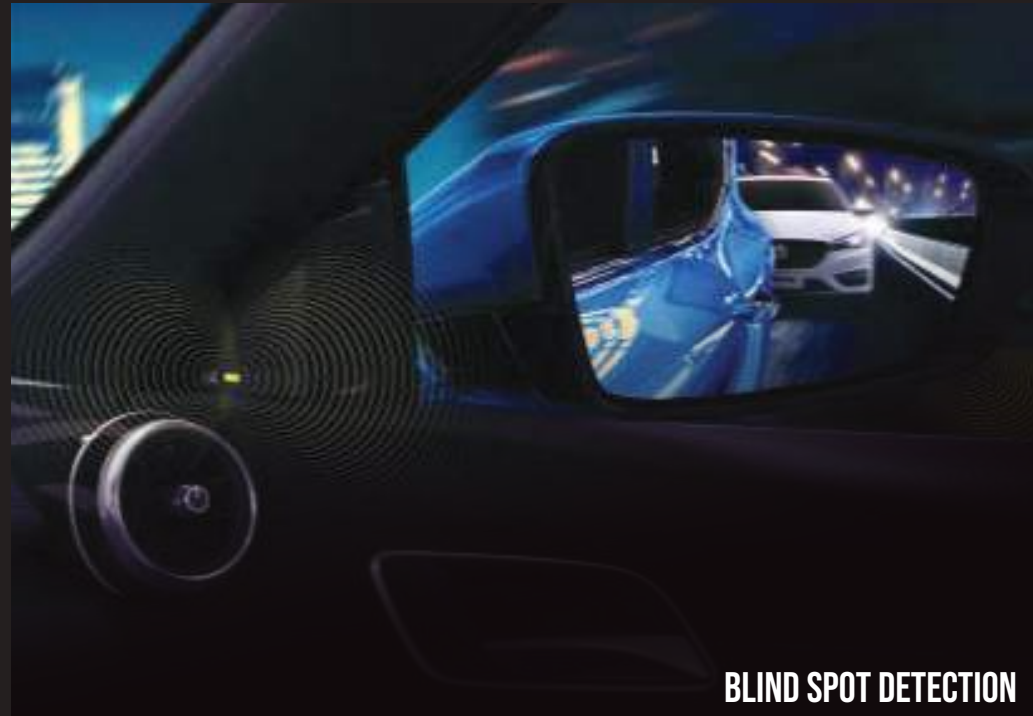

MG ONE JOURNEY IN PEACE

The MG ONE is designed with safety in mind, featuring a range of advanced safety features as standard. These include automatic emergency braking, blind-spot monitoring, rear cross-traffic alert, and ranges up to 6 airbags. It also features a rigid body structure and advanced driver assistance systems to help prevent accidents. The MG ONE is equipped with MG Pilot, an advanced driver-assisted technology that includes a complete suite of safety features. This system constantly scans the road ahead and around the vehicle to detect potential collisions with other vehicles, pedestrians, cyclists, and even large animals, day, or night.
